

## Inspire 2 Work (EW)

### Project Description

I2W has been designed to provide support for young people aged 16-24 who are not in education, employment or training (NEET) and have no means of re-engaging with formal or informal education, training, volunteering or employment.

The Operation will provide a tailored support package to help young people:

- identify personal barriers
- understand how the barriers inhibit/restrict entry, participation and progression in education, training or employment
- formulate an action plan to mitigate or eliminate the identified barriers
- deliver the agreed supportive actions
- provide progression routes into further education, training, volunteering or employment

Through a 'person centre' approach, the operation aims to engage, support and enable NEET 16-24 years to gain a range of skills, qualifications and meaningful work placements to feel confident and motivated to enter into sustainable employment or further learning.
