Amy (not her real name), 22, joined the college to study Level 2 Applied Science. Amy has been a home educated learner who left school in year 7 due to severe bullying issues, leading to an escalation of mental health issues. Alongside being home educated Amy became a young carer for their increasingly ailing mother. Due to a combination of problems, this meant Amy had received no formal education for a decade.

Amy was referred to I2A for a range of issues including academic, but also because she was isolated and had limited social skills with her peers.

Through a planned programme of developing confidence, working on academic ability and introducing Amy to other learners has led to a significant improvement in her outlook on life. She has passed her Level 2 Applied Science course with distinction, had predicted grades of B in her Maths and Science and most importantly is going to Italy with some of her classmates on holiday.

Amy started her journey feeling excluded from society and now is in a position to flourish, with a view of completing Level 3 Applied Science and progression to university. Amy would not have achieved this without the support of I2A.

Ysbrydoli i Gyflawni Inspire 2 Achieve

Ymunodd Amy (nid ei henw iawn), 22, â'r coleg i astudio Gwyddoniaeth Gymhwysol Lefel 2. Mae Amy yn ddysgwr a addysgwyd gartref ac a adawodd yr ysgol ym mlwyddyn 7 o ganlyniad i fwlio difrifol a arweiniodd at ddwysáu problemau iechyd meddwl. Ochr yn ochr â chael addysg gartref, daeth Amy yn ofalwr ifanc i'w mam sy'n mynd yn fwyfwy sâl. O ganlyniad i gyfuniad o broblemau, golygai hyn nad oedd Amy wedi cael unrhyw addysg ffurfiol ers degawd.

Atgyfeiriwyd Amy at Ysbrydoli i Gyflawni am amrywiaeth o resymau, gan gynnwys problemau academiaidd, ond hefyd am ei bod yn ynysig a bod ganddi sgiliau cymdeithasol cyfyngedig gyda'i chyfoedion.

Trwy raglen gynlluniedig o feithrin hyder, mae'r broses o weithio ar allu academiaidd a chyflwyno Amy i ddysgwyr eraill wedi arwain at welliant sylweddol yn ei hagwedd at fywyd. Mae wedi llwyddo yn ei chwrs Gwyddoniaeth Gymhwysol Lefel 2, a hynny gyda rhagoriaeth, wedi cael graddau B rhagfynegedig mewn Mathemateg a Gwyddoniaeth, ac, yn bwysicaf oll, mae'n mynd ar wyliau i'r Eidal gyda rhai o'i chyd-ddisgyblion.

Dechreuodd Amy ar ei thaith yn teimlo ei bod wedi'i heithrio o gymdeithas, ac mae 'nawr mewn sefyllfa i ffynnu ac yn bwriadu cwblhau Gwyddoniaeth Gymhwysol Lefel 3 a symud ymlaen i'r brifysgol. Ni fyddai Amy wedi cyflawni hyn heb gymorth Ysbrydoli i Gyflawni.
